STATISTICAL INFORMATION

The statistical information contained in this Report is compiled from financial statements furnished by the various Cities, Towns, Villages and Municipal Districts and covers the calendar year 1944. Information regarding Improvement Districts is taken from departmental records, and covers the fiscal year from April 1st, 1944, to March 31st, 1945.

CITIES (7)

There has been no change in the number of cities.

The upward trend in population continues, the increase being from 230,904 in 1943 to 241,797 in 1944, an increase of 10,893.

Assessment.—Assessment for the fourth successive year shows an increase. In total there has been an increase of \$12,627,537 from \$148,903,091 in 1943 to \$161,530,628 in 1944. Of this increase \$9,000,000 is accounted for by the fact that in 1944 the City of Edmonton assessed their city owned Utilities Franchise and Property which had not been assessed in previous years.

Taxation. — The 1944 current tax levy was increased \$416,805 from \$7,846,347 in 1943 to \$8,263,152 in 1944. Tax collections, excluding discounts on current taxes, again show a considerable increase over that reported in the previous three years. The increase in collections was from \$9,011,507 in 1943 to \$9,660,358 in 1944, being an increase of \$548,851. Total tax collections amount to \$116.9% of the current levy.

Debentures and Temporary Loans.—The Debenture Debt at December 31st, 1944, again shows a substantial reduction from the amount of the debt at the end of the previous year. The decrease was from \$39,635,822 in 1943 to \$34,617,724 in 1944, and amounted to \$5,018,098.

Again, for the second successive year, no temporary loans or overdrafts have been reported at December 31st, 1944.

TOWNS (52)

There has been no change in the number of Towns.

The figures in this report refer to 51 Towns only, as the Town of Lloydminster reports direct to the Province of Saskatchewan.

Assessment.—The total assessment for 1944 again shows an increase over previous years. The total increase was \$567,329, from \$30,968,117 in 1943 to \$31,535,446 in 1944.

Taxation.—The 1944 current tax levy was increased \$93,426 from \$1,505,961 in 1943 to \$1,599,387 in 1944. The total tax collections also showed an increase of \$50,448 from \$1,598,078 in 1943 to \$1,648,526 in 1944. The total tax collections amount to 103.07% of the current levy in 1944 as compared with 106.1% in 1943.

Revenue.—The total revenue as reported in 1944 was \$1,945,005 compared with \$1,750,988 in 1943, being an increase of \$194,017. Many of the items making up the total revenue are not comparable owing to recent changes made in the form of the financial statements. Of these items which can be compared, Taxes Levied, Licenses and Permits, Grants Received, Debenture Debt Charges Recoverable and Surplus from Public Utilities, all show increases in revenue over the 1943 figures.

Expenditure.—The total expenditure as reported for 1944 was \$2,006,161 compared with \$1,822,343 in 1943, being an increase of \$183,818. Among those items showing large increases were: Provision for Reserves, Public Works, Sanitation and Waste Removal, Education, Recreation and Community Services and Debt Charges. Those items showing a decrease were: Conservation of Health, Public Utilities (deficits) and Capital Expenditures.

Assets.—The Net Bank Balances and Investments at December 31st, 1944, was \$796,123 as compared with \$693,172 at December 31st, 1943, which shows a substantial increase of \$102,951. Other items which show increases in 1944 compared with 1943 are: Due from Other Funds, Accrued Items and Other Current Assets, while those showing decreases are Accounts Receivable, Due from Other Municipalities, Due from Dominion of Canada, Taxes Receivable and Inventories. Uncollected Taxes show the largest decrease, namely, \$387,120.

Liabilities.—Total liabilities have decreased \$361,997 from \$1,020,833 reported in 1943 to \$658,836.09 in 1944, which is mainly accounted for by decreases in Accounts Payable, Debentures and Coupons Due and Trust Taxes transferred to Municipal Account. Comparison of other liabilities is not possible owing to changes made in the financial statements in 1944.

Loans and Debentures.—Unpaid Temporary Loans have increased \$29,748 from \$12,443 in 1943 to \$4,191 in 1944. No debentures were issued during 1944, while the Debenture Debt shows a decrease of \$103,504 from \$1,478,223 in 1943 to \$1,375,719 in 1944.

VILLAGES (146)

Two new villages were erected in 1944, Rycroft and McLennan, while the villages of Grouard and Islay were dissolved.

Assessment.—All classes of assessment, except that upon Business, which has decreased \$252,303, show increases over those of 1943. The greatest increase was in Buildings and Improvements Assessments, which has increased \$887,137 from \$15,358,682 in 1943 to \$16,245,819 in 1944. In total the assessment has increased \$827,147 from \$21,151,971 in 1943 to \$21,979,118 in 1944.

Taxation.—In 1944 the current tax levy was increased \$53,683 from \$429,889 in 1943 to \$483,572 in 1944. The total tax collections also showed an increase of \$32,604 from \$477,610 in 1943 to \$510,214 in 1944. The total tax collections amount to 105.5% of the current levy in 1944 as compared with 111% in 1943, and is the fourth year in succession that the total collections have exceeded the current levy.

Revenue.—The total revenue as reported for 1944 was \$589,620 compared with \$525,518 in 1943, being an increase of \$64,102. Many of the items making up the total revenue are not comparable owing to recent changes made in the form of the financial statements. Of those items which can be compared, Taxes Levied, Licenses and Permits and Grants Received all show increases over the 1943 figures, while the item Investment Earnings shows a decrease.

Expenditure.—The total expenditure as reported for 1944 was \$631,189 compared with \$508,409 in 1943, being an increase of \$122,780. All of the expenditure items reflected increases, except Provision for Reserves and Public Welfare, which showed decreases.

Assets.—The Net Bank Balances and Investments as at December 31st, 1944, were \$357,169 as compared with \$328,086 in 1943, being an increase of \$29,083. The items, Due from Other Funds and Inventories, also showed increases, but all other items reflected decreases, the largest of which was for Taxes Receivable, which was reduced from \$892,105 in 1944 to \$509,678 in 1943, being a reduction of \$382,427.

Liabilities.—Total liabilities have decreased \$449,824 from \$1,310,319 in 1943 to \$781,495 in 1944, which is chiefly accounted for by the transfer of trust taxes to the municipal account.

Loans and Debentures.—The Debenture Liability has been reduced \$568 from \$31,535 in 1943 to \$32,103 in 1944 after new debentures had been issued in the amount of \$4,993 in 1944. Unpaid Temporary Loans show an increase of \$2,634 from \$1,666 in 1943 to \$4,300 in 1944.

MUNICIPAL DISTRICTS (60)

The Government's policy in enlarging Municipal Districts, which was adopted in 1942, has been continued, with the result that at the end of the year 1944 there were 40 enlarged Municipal Districts with 20 which, at that time, had not been enlarged. There were 68 Municipal Districts dissolved, and in whole or in part, with 13 Improvement Districts, in whole or in part, were formed into 19 enlarged Municipal Districts in 1944. The Municipal District of Lochearn No. 401 reverted to the status of an Improvement District. The net decrease in Municipal Districts in 1944 from those in 1943 was therefore 50.

Assessment.—The total net assessment shows an increase of \$7,174,171 from \$288,274,373 in 1943 to \$295,448,544 in 1944. This increase is mainly due to the fact that 13 Improvement Districts, in whole or in part, were included in enlarged Municipal Districts.

Taxation. — The 1944 current tax levy of \$8,145,226 as compared with \$7,401,377 in 1943 discloses an increase of \$743,849 during 1944. The total collections in 1944 of \$10,064,901 as compared with \$9,416,695 in 1943 shows an increase of \$648,206 in 1944. The percentage of total collections to the current levy was 123.6% in 1944 compared with 127.2% in 1943.

Revenue.—The total revenue for 1944 was \$9,233,664 as compared with \$8,447,055 in 1943, an increase of \$786,609 in 1944. Comparison of the individual items making up this increase can not be made owing to changes in the form of the 1944 financial statements. The increased levy, however, accounts for the greater part of the increase in revenue.

Expenditure.—The total expenditure for 1944 was \$9,913,306 as compared with \$9,015,327 in 1943, an increase of \$897,979 in 1944. This increase is chiefly accounted for by increases in Education—\$334,203, Capital Expenditures—\$322,608, Public Works—193,825, Conservation of Health—43,212, and Provision for Reserves \$41,488, while decreases are shown for Public Welfare—\$47,760 and Social Service Tax Requisition—\$44,892.

Assets.—The total assets for 1944 of \$13,289,148 compared with \$15,655,004 for 1943 discloses a decrease of \$2,365,856. The chief reason for the decrease is the reduction in the amount of unpaid taxes at the end of 1944. All other items have decreased also, except Cash and Investments which have increased

from \$2,675,337 in 1943 to \$4,048,566 in 1944, an increase of \$1,373,229, Due from Province \$80,727 and Due from Other Funds \$358,370.

Liabilities.—The total liabilities have decreased \$7,086,864 from \$8,961,260 in 1943 to \$1,874,396 in 1944. This very large decrease is chiefly due to the elimination of School, Hospital and Social Services Tax arrears as trust items and their inclusion as part of the general municipal arrears. All other liability items show a decrease except Debt Due to the Province which has increased \$22,137.

Loans.—Unpaid Temporary Loans have decreased \$52,428 from \$113,068 in 1943 to \$60,640 in 1944.

IMPROVEMENT DISTRICTS

The policy of enlarging or amalgamating the Rural Municipalities of the Province is to be continued and the Improvement Districts, some 400 by number, will be merged or enlarged and the actual number reduced to about 61. The Municipal District or the Improvement District, as the case may be, is made responsible for the financing of all social services, and the change necessitated the amalgamation of what had been various trust accounts into the general business of the organization. Thus on March 31, 1944, the School Division Trust Accounts and the Hospital District Trust Accounts were merged into the Improvement District Trust Account, together with all assets and liabilities. Cash receipts of Improvement District Trust Account amounted to \$1,990,147.44. Payments in the year 1944 totalled \$1,715,260.95. The substantial increase in receipts and payments shown is due to the amalgamation above referred to.

The Improvement District Tax collections were 125.2% of the current tax levy which exceeds the percentage of collections in 1943 by 2.8%.

Comparison of other Improvement District statistics is impossible due to the amalgamation of Trust Accounts.

COMPARATIVE STATISTICS

Due to the complete revision in 1943 of the form of statistical information, comparative statistics on the new basis are available for the years 1943 and 1944 only.

Respectfully submitted,

A. SOUTTER,

Deputy Minister.
